

608 WEST MAIN STREET

M I D L A N D

Total Rehab. Investment: \$183,465
Indirect Impact: \$209,150
Total Economic Impact: \$392,615

Thomas McCann, a prominent clothing retailer on Midland's Main Street, built 608 West Main Street in 1904. It is one of the largest homes in the West Main Street Historic District. The current owners submitted two state tax credit applications for extensive work over a number of years. Rehabilitation work included painting the exterior, patching and painting the interior plaster, refinishing the hardwood floors, and updating the plumbing. The rehabilitation project restored many significant historic features of the single family residence, but also included updates that make the structure livable.
